MIDDLE LEVEL PROGRAM SPELL IT! (Not a National Event)

Category: Performance Type: Team of 3

English and proper grammar remain a cornerstone of business and communication. This STATE ONLY event is designed to recognize members who have developed a commanding ability to spell common and complex business terms.

OVERVIEW

In this relay-style event, a moderator will provide a spelling word and definition. There will be no option to request the moderator to use the word in a sentence. A panel of judges will assess the accuracy of each answer. Members of teams take turns spelling words, but may NOT collaborate on spelling word.

ELIGIBILITY

- 1. All participants must be on record in the FBLA state and national offices as paying dues by the registration deadline.
- 2. Participants must report to the event on time, or they will not be permitted to compete.

PERFORMANCE COMPETENCIES

- All competitors must comply with the FBLA-PBL dress code.
- Exhibit proper spelling of common and complex business terms.
- Demonstrate excellent verbal communication through clarity and voice projection.
- Express self-confidence and poise.

The moderator will present spelling words to each team in rounds. The moderator begins by asking the first team member of each team to spell a word (neither team members nor the audience are allowed to provide any assistance during the preliminary round). If the word is spelled correctly by the first member, the team remains intact and a new question will be asked of the first member of the next team. If the question is spelled incorrectly, the moderator will ask the same question of the first member of the next team. If the next team spells the word correctly, the members of previous teams answering incorrectly will be eliminated. If the next team member spells incorrectly, the moderator will proceed to the next teams until the question is either spelled correctly, or until the first member of every team has had the opportunity to spell the word. If no team provides the correct answer, then the question is thrown out and no team members are eliminated for the round.

Once a team member has spelled a word by the moderator, that team member will rotate to the back of the team. The second member will then spell the next word posed to the team in the next round. This process repeats until there is only one team remaining.

PERFORMANCE GUIDELINES

- Performances will be open to conference attendees.
- All competitors must comply with the FBLA-PBL dress code.

EVENT TIPS

Words will be selected from the following resources:

- FBLA Business Achievement Awards (BAA)
- Robert's Rules of Order, Newly Revised, 11th Edition
- Essentials of Business Communication, Guffey and Loewy, 11e

JUDGING

The presentations will be evaluated by a panel of judges. All decisions of the judges are final.

STATE AWARDS

The number of awards presented at the State Business Leadership Conference is determined by judges and/or number of entries. The maximum number will be ten (10).

MIDDLE LEVEL PROGRAM **THE TANK** (Not a National Event)

Category: Presentation Type: Individual or Team (up to 3)

This event is designed for students who would like to present an original product or an innovation to an existing product either by prototype or conceptual board. The goal of this presentation would be to find an investor who would help the presenter take this product to market. Similar to the hit television series, Shark Tank, the presenters should assume that the judges are investors who they are trying to convince to back their product.

OVERVIEW

The type of product is completely up to the students developing the original product or the innovation. This event is a Shark Tank style presentation or pitch of an original product or an innovation. Students are to create a new product, or develop an innovation to an existing product, and present it to a panel of judges as if they were an entrepreneur presenting to potential investors. The key to succeeding in this event is creating a product that will have a target audience.

Students will need to:

- Develop the product or innovation
- Research and understand the target market
- Research and understand the costs associated with developing their product
- Be able to identify competitors, potential competitors, and features about product that are unique versus those which could be copied
- Forecast financial results for the successful launch of the product
- Place an estimated value on the company and be able to identify what percentage an investor should receive for what amount of investment
- Research possible product liability concerns and how to address them.

ELIGIBILITY

- 1. All participants must be on record in the FBLA state and national offices as having dues paid by the registration deadline.
- 2. Participants must be in grades 6-8.
- 3. Participants must report to the event on time, or they will not be permitted to compete.

PROJECT & PERFORMANCE COMPETENCIES

- Understanding of product valuation
- Understanding of demand and market
- Understanding of development process and costs associated with production
- Ability to fully explain the product or innovation that is being presented
- Explain profit margin and the variables that impact profit margin

PROJECT GUIDELINES

- Participants shall provide the necessary materials and merchandise for the demonstration along with the product.
- Each participant's demonstration must be the result of his/her own efforts. Facts and working data may be secured from any source. Student members, not advisors, must prepare the demonstration.
- Visual aids and samples related to the presentation may be used in the preparation; however, no items may be left with the judges or audience. When delivering the demonstration, the participant may use notes, note cards, and props. All materials must be removed at the end of the performance.
- All competitors must comply with the FBLA-PBL dress code.
- Copyright laws must be adhered to.
- Consideration must be given to product liability concerns.

PERFORMANCE GUIDELINES

- A timekeeper will stand at the end of four (4) minutes to signify there is one-minute left. When the presentation is finished, the time used by the participant will be announced, noting a deduction of five (5) points for any time over five (5) minutes.
- Following the five (5) minute presentation there will be a two (2) minute question and answer period with the judges.
- Whether or not the event has preliminaries/finals will be determined by the number of entries. A maximum of 15 teams will advance to finals if appropriate.
- The individual must perform all aspects of the presentation (e.g., speaking, setup, operating equipment). Other members of the chapter may not provide assistance.
- Five (5) minutes will be allowed to set up equipment and/or presentation items.
- Each presentation should be five (5) minutes in length and should include showing of any video.

JUDGING

The presentations will be evaluated by a panel of judges. All decisions of the judges are final.

PENALTY POINTS DEDUCTED BY JUDGES

- Five (5) points are deducted if competitors do not follow the dress code.
- Five (5) points may be deducted for presentations over the allotted time.
- Five (5) points may be deducted for not following guidelines.

STATE AWARDS

The number of awards presented at the State Business Leadership Conference is determined by judges and/or number of entries. The maximum number will be ten (10).
