

Ashley Lin is a senior at Union High School in Vancouver, WA, and is currently serving as your Alumni & Business Relations VP. Now in her fifth year of FBLA and fourth term as a state officer, Ashley cannot imagine being who she is today without this organization and she treasures every moment that is to come. Outside of FBLA, Ashley is passionate about reimagining education through edtech entrepreneurship, education policy, and cross-cultural learning. She's served as a U.S. Youth Ambassador to Uruguay and is the Founder & CEO of Project Exchange, an international, 501(c)(3) nonprofit that runs 12-week online cultural exchange programs for middle & high school students in 23+ countries. When she's not on a Zoom call, Ashley can be found kickboxing, practicing her baking on her family (bless their souls), and attempting to salvage her rapidly declining Arabic skills. Most importantly, Ashley is humbled and inspired by the opportunity to serve you and she looks forward to listening to your ideas, advocating for your vision, and enriching the experience for all members, advisers, and other FBLA stakeholders. She would love to connect with you on LinkedIn and learn more about your story—so please don't hesitate to reach out!
